How the EIT KICs will shape the future of innovation in Europe

Federico Menna, Head of Operations, EIT Digital

European Parliament | February 4, 2020

EIT Digital is supported by the EIT, a body of the European Union.

Pan-European ecosystems

The EIT and its Innovation Communities have established unique Pan-European innovation and entrepreneurship ecosystems bringing together 2.000 Partners

Delivery

The EIT and its Innovation Communities deliver on their promises and commitments

EIT Digital

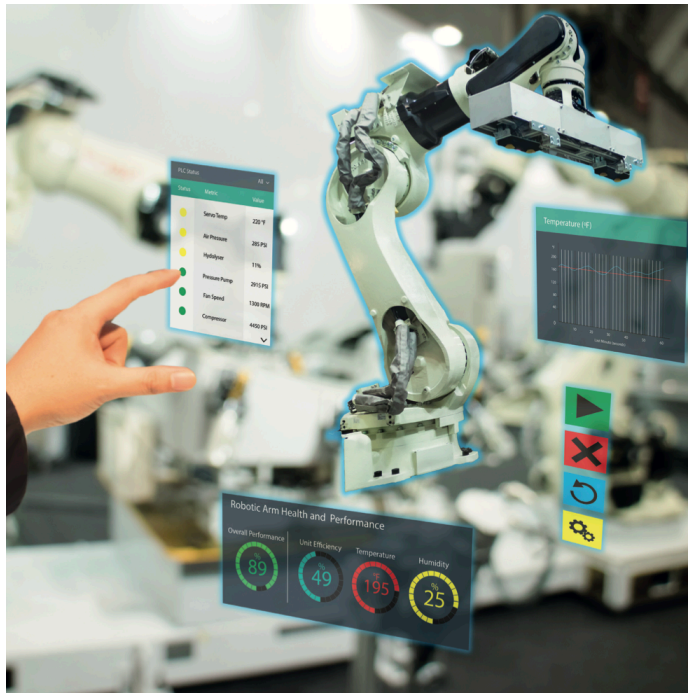
160	530	370	€ 800m	2.200
Startups created	Products launched	Scaleups supported	Investments	Graduates

Strategic priorities

The EIT and its Innovation Communities have to be able to continue their work in the Digital and Climate domain to support the von der Leyen Commission's priorities

Industrial competitiveness

Europe should boost its digital industry especially in the areas of industrial data and Artificial Intelligence, Cybersecurity and Digital Skills



EIT DIGITAL ACADEMY

Innovate. Lead. Transform. For a strong digital Europe.

EIT Digital Academy is Europe's education leader in digital knowledge and skills in support of innovation and entrepreneurship. Through our Master, Doctoral, Professional and Summer schools, we deliver a unique blend of the best of technical excellence and entrepreneurial skills and mindset to digital engineers and entrepreneurs at all stages of their careers. EIT Digital Academy is proud to offer quality education and lead the way in innovation and entrepreneurship, so we can continue to work toward a better tomorrow.
